WINE TRAIL PROPERTY

890 ROBINSON HILL ROAD, MAKANDA, IL, 62958

This document reflects the history/sale of a property in Makanda, Southern Illinois.

This document offers potential buyers the prospect of owning real estate that will serve either as a homestead and/or a lodging business in a desirable location or as a lucrative long term investment.

This document is intended only to provide an initial summary of the real estate and may be subject to change at any time.

No assurance or guarantees are given regarding the performance of this real estate.

PART 1 - FOREWORD FROM THE OWNER

Dear Prospective Buyer,

My name is Peter van Muylder and I am the owner, and have been the managing director and founder of Back2Basics, a lodging facility on this beautiful property.

This green resort has always been a work in progress and I designed this lush habitat to appeal to those who enjoy peace and tranquility, and those who have a desire to learn new, and almost forgotten, ways to improve life by getting back to the basics.

I would like for my vision to continue, but I understand that this property would also make an excellent hunter's experience, a winery, an orchard... you name it!

So what is it that makes this property a bargain? The smallest undeveloped parcel (Parcel A) comprises 6.425 acres and features 300 feet of direct frontage on Robinson Hill Rd. There are no structures on Parcel A, but power and water does run along the road frontage so it's ready for your development. It's ready for anything, in fact, because there are no restrictions here in Union County.

Parcel B comprises 25.662 acres of developed land with 3 A-frame cabins. This property, as a whole, doesn't just make a nice, large income producing rental business with a huge air-b&b potential, but it also makes it an excellent investment for a buyer interested in developing it more. As a farmer neighbor of mine said: "You can't print more land!"

Need more information? I can answer all of your questions!

Thank you,

Peter van Muylder

PART 2 - REAL ESTATE SUMMARY

CABINS 1 & 2

This waterfront resort encompasses 32 acres of land and is nestled in its own valley. It consists of three 866 Sq Ft A-frame cabins, a small barn/shop and two ponds (3.5 and 0.5 acres).

Approx.5 acres are wooded and bordered on three sides by the Shawnee National Forest and on the fourth by an organic vineyard.

This property sits literally ensconced in nature.

Wildlife is abundant and includes deer, coyote, bobcat, fox and many bird species.

This haven of charm and natural beauty is nestled in the Shawnee Hills in Southern Illinois.

All 3 cabins overlook a 3.5 acre pond and each accommodates four to six people comfortably.

Each A-frame provides peaceful seclusion and all comforts.

All 3 cabins have 1 private bedroom located on the ground floor, additional space for sleeping in the loft and a dining area, fully equipped kitchen with dishwasher and a private bath- room.

Cabins 1 and 2 have decks. Cabin 2 has a new deck. (2019)

The 2 ponds are stocked with bluegill, red ear sunfish, channel cat- fish, and largemouth bass by the Illinois Department of Natural Resources in 2007 and also in 2008. Since then, these ponds have been fished only rarely, making it exceptionally easy to catch your dinner.

Ooh, btw... on a cold winter night with a full moon, it's also wonderful to skate on the pond!
